**SHORT TERM PROMISSORY NOTES OF
CPPIB CAPITAL INC.**

**UNCONDITIONALLY AND IRREVOCABLY GUARANTEED BY
CANADA PENSION PLAN INVESTMENT BOARD**

The Issuer:

CPPIB Capital Inc. (the “**Issuer**”) was incorporated under the laws of Canada on February 2, 2009. The Issuer is primarily engaged in obtaining financing in the commercial paper market and other capital markets and loaning such funds to the Canada Pension Plan Investment Board (“**Board**” or the “**Guarantor**”) and/or entities owned by the Board for general corporate purposes in accordance with the investment policies of the Board.

The Board invests the assets of the Canada Pension Plan (“**CPP**”) not required to pay current benefits and also manages short-term assets of the Canada Pension Plan held to pay current Canada Pension Plan benefits.

The Notes have received the highest short term commercial paper credit rating available from DBRS Limited (“**DBRS**”) of **R-1 (high)** and from Standard & Poor’s (“**S&P**”) of **A-1+** (S&P’s Global Rating Scale) and **A-1 (High)** (S&P’s Canadian National Rating Scale). The above ratings are only accurate as at the date of this Information Memorandum and may be changed, superseded or withdrawn at any time. A prospective purchaser should check the current rating before purchasing a Note (as defined herein).

The Guarantor:

The Board was incorporated as a federal Crown corporation by the *Canada Pension Plan Investment Board Act* (the “**CPPIB Act**”) and manages the assets of the CPP transferred to it (the “**CPP Fund**”).

The long-term goal of the Board is to contribute to the financial strength of the CPP and help sustain the pensions of 17 million CPP contributors and beneficiaries by investing CPP assets transferred to it and maximizing returns without undue risk of loss.

With a mandate from the Canadian federal and provincial governments, the Board is accountable to Parliament of Canada and to the federal and provincial finance ministers who serve as the stewards of the CPP. Based in Toronto, the Board is governed and managed independently of the CPP and at arm’s length from governments. The Board is not an agent of the Canadian federal government or of any provincial governments.

The Board is responsible for managing the CPP Fund in accordance with the Canada Pension Plan Act (the “**CPP Act**”) and the CPPIB Act.

As a professional investment management organization operating in the private

sector, the Board is not a sovereign wealth fund. Several key attributes distinguish it from the large pools of government assets under government direction generally identified as “sovereign”. CPP Fund assets are not government assets and the CPPIB Act and the CPP Act do not constitute the Board as a trustee of the assets for the benefit of those entitled to CPP benefits.

The CPP Act established the Canada Pension Plan Account (the “**CPP Account**”) within the Consolidated Revenue Fund of the federal government. The CPP Act provides that any amounts standing for the credit of the CPP Account that exceed the immediate obligations of the CPP Account are transferred to the Board. The federal government can make a request for payment by the Board into the Consolidated Revenue Fund out of the CPP Fund assets held by the Board. Under the statutory framework, the Board is at all times legally entitled to assets that have a fair market value of not less than the liabilities of the Board, including without limitation the liabilities of the Board under the Guarantee. As a result, under the statutory framework, only assets having a fair market value in excess of the liabilities of the Board are available to the federal government to satisfy its obligations under the CPP.

The maximum-strength governance model, including an independent board of qualified professionals with powers to oversee the investment policy, is designed to protect the Board from political interference. The organization operates with an investment-only, commercial, fiduciary mandate in which investment decisions are made without political direction and at arm’s length from governments, and without regard to regional, social or economic development considerations or any other non-investment objectives. The Board operates with extremely high levels of disclosure and transparency, including publishing its investment policy and public equity holdings on its website and reporting to Canadians in line with regulatory requirements for public companies.

Information regarding the CPP Fund and the Board can be found on its website at www.cppib.ca.

A “U.S. Person” is: (a) any natural person resident in the United States; (b) any partnership or corporation organized or incorporated under United States law or formed by one or more U.S. Persons principally for the purpose of investing in securities not registered under the U.S. Securities Act; (c) any estate or trust of which any executor, administrator, trustee or similar person is a U.S. Person unless the beneficiaries are not U.S. Persons and a non-U.S. Person who is also an executor, administrator, trustee or similar person has or shares investment discretion; (d) any U.S. agency or branch of a foreign entity; (e) any non-discretionary account for the benefit of a U.S. Person; or (f) any discretionary account held by a dealer or other fiduciary organized, incorporated or resident in the United States.

Rights of Rescission or Damages for Purchasers in Nova Scotia

The right of action for rescission or damages described herein is conferred by section 138 of the *Securities Act* (Nova Scotia). Section 138 provides, in the relevant part, that in the event that this Information Memorandum, together with any amendments hereto, or any advertising or sales literature (as defined in the *Securities Act* (Nova Scotia)) contains an untrue statement of material fact or omits to state a material fact that is required to be stated or that is necessary in order to make any statements contained herein or therein not misleading in light of the circumstances in which it was made (a “**misrepresentation**”), a purchaser of Notes is deemed to have relied upon such misrepresentation if it was a misrepresentation at the time of purchase and has, subject to certain limitations and defences, a statutory right of action for damages against the seller of such Notes or, alternatively, while still the owner of the Notes, may elect instead to exercise a statutory right of rescission against the seller, in which case the purchaser will have no right of action for damages against the seller, the directors of the seller or the persons who have signed the Information Memorandum, provided that, among other limitations:

- (a) no action will be commenced to enforce the right of action for rescission or damages by a purchaser resident in Nova Scotia later than 120 days after the date payment was made for the Notes (or after the date on which initial payment was made for the Notes where payments subsequent to the initial payment are made pursuant to a contractual commitment assumed prior to, or concurrently with, the initial payment);
- (b) no person will be liable if it proves that the purchaser purchased the Notes with knowledge of the misrepresentation;
- (c) in the case of an action for damages, no person will be liable for all or any portion of the damages that it proves do not represent the depreciation in value of the Notes; and
- (d) in no case will the amount recoverable in any action exceed the price at which the Notes were offered to the purchaser.

The liability of all persons or companies referred to above is joint and several with respect to the same cause of action. A defendant who is found liable to pay a sum in damages may recover a contribution, in whole or in part, from a person or company who is jointly and severally liable to make the same payment in the same cause of action unless, in all the circumstances of the case, the court is satisfied that it would not be just and equitable.

This summary is subject to the express provisions of the *Securities Act* (Nova Scotia) and the regulations and rules made under it, and prospective investors should refer to the complete text of those provisions.

Dear Sirs:

**Re: CPPIB Capital Inc.
Issue of Short Term Promissory Notes
Guaranteed by Canada Pension Plan Investment Board**

We have acted as counsel to (i) CPPIB Capital Inc. (the “**Issuer**”), a corporation incorporated on February 2, 2009 pursuant to the laws of Canada and (ii) Canada Pension Plan Investment Board (the “**Guarantor**”) in connection with the issue and sale through registered dealers or registered brokers from time to time by the Issuer in all Provinces of Canada (the “**Offering Jurisdictions**”) of its negotiable short term promissory notes (hereinafter referred to individually as a “**Note**” and collectively as the “**Notes**”). Each Note is a depository note subject to the *Depository Bills and Notes Act* (Canada). Each Note will mature not more than 364 days from the date of issuance and will have a minimum denomination or principal amount of \$100,000 in Canadian or U.S. currency. The minimum subscription by a purchaser of Notes is \$100,000 in Canadian or U.S. currency. The aggregate principal amount of the Notes outstanding at any one time will be limited to \$5,000,000,000 in Canadian currency.

Each Note will be issued pursuant to the provisions of an issuing and paying agency agreement dated March 10, 2009 (the “**IPA Agreement**”) between the Issuer and The Toronto-Dominion Bank (the “**Issuing Agent**”) providing, among other things, for the completion, issuance and delivery of the Notes by the Issuing Agent on behalf of the Issuer. Each Note will also have the terms more particularly

described and referred to in the information memorandum dated March 10, 2009 (the “**Information Memorandum**”), of which this opinion forms a part. Each Note will be in the form of the specimen Note contained in the Information Memorandum and will be unconditionally guaranteed by the Guarantor pursuant to the terms of a guarantee (the “**Guarantee**”), the terms of which are set forth in the Information Memorandum. The Notes are not convertible or exchangeable into or accompanied by a right to purchase another security.

For the purpose of the opinions expressed herein, we have considered such questions of law and have examined such statutes, regulations, public and corporate records, certificates of the Issuer and the Guarantor, including the constating documents of the Issuer and the Guarantor, the IPA Agreement (which we have assumed continues to constitute a valid, binding and enforceable obligation of the Issuing Agent), the Information Memorandum, specimens of the Notes (including the Guarantee), and such other certificates and documents as we have considered necessary.

We have assumed that any “market intermediary” (as such term is defined in the *Securities Act* (Ontario) or the *Securities Act* (Newfoundland and Labrador), as applicable), which participates in a trade of the Notes in Ontario or Newfoundland and Labrador is registered under the applicable securities legislation of Ontario or Newfoundland and Labrador, as the case may be, in a category permitting it to trade in Notes in Ontario and Newfoundland and Labrador and that any such market intermediary has complied with all such applicable securities laws applicable to its registration in connection with the trades of the Notes in Ontario and Newfoundland and Labrador. We have also assumed that any agent acting in connection with the offer and sale of the Notes that is a registered dealer or broker under any applicable securities laws has complied with the relevant provisions of such applicable securities laws and the terms of such registration in connection with such offer and sale and that at the time of any trade in the Notes hereafter referred to no order, ruling, decision or condition of any agent’s registration is in effect that restricts any trades in the Notes or that affects any person or company that engages in any such trades, including, without limitation, cease trade orders and conditions of registration directing that any dealer registration exemption does not apply to any person or company.

In such examinations, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

We are advised that the Notes are not being sold to any purchaser in the Province of Québec pursuant to a written agreement. We understand that, if the Information Memorandum is furnished to persons in the Province of Québec, it will be accompanied by the French language version thereof, which version will be filed with the Autorité des marchés financiers.

The opinions hereinafter expressed are based upon legislation and other laws as in effect on the date hereof as such laws exist and in force and are construed as at the date hereof and do not take into account any proposed rules or legislative or regulatory amendments that may come into force following the date hereof. Insofar as the opinions hereinafter expressed relate to future issuances of Notes, such opinions must be read subject to the assumptions that at the time of any such issuance:

- (a) the Issuer has the necessary authority at such time to issue the Notes; and
- (b) any other authorization or approval with respect to the issuance of Notes required at such time shall have been obtained.

The opinions hereinafter expressed are limited to the laws of the Province of Ontario and the federal laws of Canada applicable therein, except that the opinion in paragraph 7 below also includes the laws of the other Offering Jurisdictions and the federal laws of Canada applicable therein and the opinion in paragraph 8 below also includes the laws of the provinces of New Brunswick, Quebec, Manitoba, Saskatchewan, Alberta and British Columbia. In giving the opinions set forth in paragraphs 7 and 8 below with respect to provinces other than British Columbia, Alberta, Ontario and Québec, we have relied on opinions of counsel carrying on the practice of law in each such province. To the extent that any opinion upon which we have relied is based upon any assumption or is made subject to any limitation, qualification or exception, our opinion given in reliance thereon is also based on such assumption and is subject to such limitation, qualification or exception.

Based and relying upon the foregoing and subject to the qualifications hereinafter stated, we are of the opinion that:

1. The Issuer is a corporation incorporated and existing under the *Canada Business Corporations Act*.
2. The Issuer has the corporate power to create, issue, execute and sell the Notes and all necessary corporate action has been taken by the Issuer to authorize the borrowing of money through the sale of the Notes and to authorize the creation, issuance, execution and sale thereof.
3. The Notes, when from time to time duly executed (either manually or by facsimile signature) by an authorized signatory of the Issuer, and completed, authenticated and delivered for value by a duly authorized officer of the Issuing Agent in accordance with the applicable provisions of the IPA Agreement, will constitute valid and binding obligations of the Issuer, enforceable in accordance with their terms. Any such Note executed and delivered as aforesaid will be binding upon the Issuer notwithstanding that at the time after execution thereof any person signing the same shall cease to be an authorized signatory of the Issuer.
4. The Guarantor is a body governed by the Canada Pension Investment Board Act (Canada), is a legal person and has the corporate power and capacity to guarantee the Notes pursuant to the Guarantee to be endorsed thereon.
5. The Guarantee has been duly authorized by all necessary corporate action on the part of the Guarantor.
6. When the Guarantee has been duly signed (either manually or by facsimile signature) on behalf of the Guarantor by an authorized signatory of the Guarantor, and delivered as a part of any Note that has been duly completed, authenticated, issued and delivered in accordance with the IPA Agreement, the Guarantee will be a valid and binding obligation of the Guarantor enforceable in accordance with its terms, without regard to whether any such authorized signatory of the Guarantor who signs, or whose facsimile signature appears upon, the Guarantee shall cease to be an authorized signatory of the Guarantor prior to the issuance, delivery or enforcement thereof.
7. The Issuer may, either directly or through agents, offer and sell the Notes in the Offering Jurisdictions, if;

- (a) the Notes have a rating at or above one of the following rating categories (each an “**Approved Credit Rating**”) or a category that replaces one of the following rating categories:

<i>Approved Credit Rating Organization</i>	<i>Rating</i>
DBRS Limited	R-1 (low)
Fitch Ratings	F1
Moody’s Investors Service	P-1
Standard & Poor’s	A-1 (Low)

issued by an approved credit rating organization shown above or any of their respective successors (each an “**Approved Credit Rating Organization**”); and

- (b) there has been no announcement by an Approved Credit Rating Organization of which the Issuer, the Guarantor, the Issuing Agent or any other person trading the Notes or any purchaser of the Notes is or reasonably should be aware that the rating of the Notes to which the Approved Credit Rating was given may be down-graded to a rating category that would not be an Approved Credit Rating and no Approved Credit Rating Organization has rated the Notes in a rating category that is not an Approved Credit Rating;

without making any filing under, or registering with, any governmental or public body or authority pursuant to the securities legislation in such Offering Jurisdictions, except for the filing without delay with the Autorité des marchés financiers of the Information Memorandum and any other disclosure document delivered to purchasers of the Notes in Québec.

8. Subject to compliance with the prudent investment standards and general investment provisions and restrictions of the statutes referred to below (and, where applicable, the regulations thereunder) and, in certain cases, subject to satisfaction of additional requirements relating to investment or lending policies, procedures or goals and, in certain cases, the filing of such policies, procedures or goals, the Notes are not, on the date hereof, precluded as investments under or by the following statutes:

Insurance Companies Act (Canada)
Trust and Loan Companies Act (Canada)
Pension Benefits Standards Act, 1985 (Canada)
Bank Act (Canada)
Cooperative Credit Associations Act (Canada)
Loan and Trust Corporations Act (Alberta)
Employment Pension Plans Act (Alberta)
Financial Administration Act (Alberta)
Alberta Heritage Savings Trust Fund Act (Alberta)
Pension Benefits Standards Act (British Columbia)

Financial Institutions Act (British Columbia)
The Trustee Act (Manitoba)
The Insurance Act (Manitoba)
The Pension Benefits Act (Manitoba)
Trustees Act (New Brunswick)
Pension Benefits Act (New Brunswick)
Pension Benefits Act (Ontario)
Supplemental Pension Plans Act (Québec)
An Act respecting insurance (Québec) (for insurers constituted under the laws of the Province of Québec other than guarantee funds)
An Act respecting trust companies and savings companies (Québec) (for trust companies investing their own funds and deposits they receive and for savings companies investing their funds)
The Trust and Loan Corporations Act, 1997 (Saskatchewan)
The Pension Benefits Act, 1992 (Saskatchewan)

The opinions expressed in paragraphs 3 and 6 are subject to:

- (a) applicable bankruptcy, insolvency and other laws relating to or affecting the enforceability of creditors' rights generally;
- (b) the qualification that equitable remedies, including specific performance and injunctive relief, may only be granted in the discretion of a court of competent jurisdiction;
- (c) the qualification that any provisions of the Guarantee which are held to constitute a penalty and not a genuine and reasonable pre-estimate of the loss likely to be suffered as a result of the default in payment of the amount in question would be unenforceable;
- (d) the qualification that the effectiveness of terms exculpating a party from any liability or duty otherwise owed by it to another may be limited by law;
- (e) the qualification that the awarding of costs is in the discretion of a court of competent jurisdiction;
- (f) the qualification that any provision in any document which purports to sever from such document any provision therein which is prohibited or unenforceable under applicable law without affecting the validity of the remainder of such document would be enforced only to the extent that the court determined that such prohibited or unenforceable provision could be severed without impairing the interpretation and application of the remainder of such document;
- (g) the enforceability of the Notes and the Guarantee is subject to the *Limitations Act, 2002* (Ontario) and we express no opinion whether a court might find any provision in the Notes or the Guarantee to be unenforceable as an attempt to vary or exclude a limitation period under that Act; and
- (h) Courts in Canada are precluded from giving a judgment in any currency other than the lawful money of Canada.

This opinion is provided to you solely for your benefit and except as otherwise contemplated herein this opinion is not to be used, circulated, quoted or otherwise referred to for any other purpose, or relied upon by, or delivered to, any other person, without our prior written approval in each instance.

Yours truly,
