The materials may not be used for any purpose other than as may be specifically contemplated by a written agreement with TD Securities. The materials and the information contained herein do not purport to be all-inclusive or to contain all of the information, or to identify or suggest all of the risks (direct or indirect), that may be associated with any possible transaction or transactions or that may be necessary to evaluate any possible transaction or transactions.

The information in the materials reflects prevailing conditions and our views as of this date, all of which are accordingly subject to change. TD Securities' opinions and estimates constitute TD Securities' judgment and should be regarded as indicative, preliminary and for illustrative purposes only. In preparing the materials, TD Securities has relied upon documents and information prepared for or supplied to TD Securities by the Company and other sources, without independent verification by TD Securities. TD Securities believes that the materials must be considered as a whole and that selecting portions of the analyses and the factors considered by TD Securities, without considering all of the factors and analyses together, could create a misleading view of the materials. The preparation of the materials is complex and is not necessarily susceptible of partial analysis or summary description. Any attempt to do so could lend to undue emphasis on any particular factor or analysis.

Any price or valuation constitutes our judgment and is subject to change without notice. Investors should understand that statements regarding future prospects may not be realized. TD Securities cannot guarantee that different prices and/or valuations would not be available elsewhere and suggests that valuations from other sources be obtained for comparison. Actual quotations could differ subject to market conditions.

TD Securities' policies prohibit employees from offering, directly or indirectly, a favorable research rating or specific price target, or offering to change a rating or price target, to a subject company as consideration or inducement for the receipt of business or for compensation. TD Securities also prohibits its research analysts from being compensated for involvement in investment banking transactions except to the extent that such participation is intended to benefit investors.
